14 February 2024

**MS. ELEANOR R. TEJADA**

State Auditor IV  
Audit Team Leader  
Commission on Audit

Dear Auditor Tejada:

In compliance with COA Circular 2017-004 dated 13 December 2017, enclosed herewith are **Center for International Trade Expositions and Missions (CITEM) Annual Financial Reports for CY 2023:**

1. Statement of Management's Responsibility for Financial Statements
2. Statement of Financial Position (Annex F)
3. Statement of Financial Performance (Annex G)
4. Statement of Cash Flows (Annex H)
5. Statement of Changes in Net Assets/Equity (Annex I)
6. Statement of Comparison of Budget and Actual Amounts (SCBAA) (Annex J)
7. Notes to Financial Statements (Annex K)
8. Trial Balance (Annex L)

Should there be any queries please do not hesitate to contact Ms. Malerna C. Buyao, Chief Accountant, through phone number (02) 8833-2201 local 210 or e-mail address [mbuyao@citem.com.ph](mailto:mbuyao@citem.com.ph).

Sincerely,

**EDWARD L. FERREIRA Ph.D**

Executive Director

**CENTER FOR INTERNATIONAL TRADE EXPOSITIONS AND MISSIONS**  
(THE EXPORT PROMOTION ARM OF THE DEPARTMENT OF TRADE AND INDUSTRY)

Golden Shell Pavilion, Roxas Boulevard cor. Sen. Gil Puyat Avenue, 1300 Pasay City, Philippines

## STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The Management of the **CENTER FOR INTERNATIONAL TRADE EXPOSITIONS AND MISSIONS (CITEM)** is responsible for the preparation and fair presentation of the financial statements, including the schedules attached therein, for the years ended **DECEMBER 31, 2023 and 2022**, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the CITEM's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the CITEM or to cease operations, or has no realistic alternative but to do so.

The Board of Governors is responsible for overseeing the CITEM's financial reporting process.

The Board of Governors reviews and approves the financial statements, including the schedules attached therein, and submits the same to the stake holders and other uses.

The Commission on Audit has examined the financial statements of the **CENTER FOR INTERNATIONAL TRADE EXPOSITIONS AND MISSIONS (CITEM)** in accordance with the International Standards of Supreme Audit Institutions, and in its report to the Board of Governors, has expressed its opinion on the fairness of presentation upon completion of such audit.

## **2. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The financial statements have been prepared in compliance with the International Public Sector Accounting Standards (IPSASs), formerly Philippine Public Sector Accounting Standards (PPSASs), prescribed for adoption by the Commission on Audit (COA) in COA Resolution No. 2014-003 dated January 24, 2014. The PPSASs were renamed to IPSASs per COA Resolution No. 2020-01 dated January 9, 2020.

The financial statements have been prepared under the historical cost, unless stated otherwise. The Statement of Cash Flows is prepared using the direct method.

The financial statements are presented in Philippine Peso (P), which is also the country's functional currency. The amounts are rounded off to the nearest peso, unless otherwise stated.

The preparation of financial statements in compliance with the adopted IPSASs requires the use of certain accounting estimates. It also requires the entity to exercise judgment in applying the entity's accounting policies.

## **3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **3.1 *Basis of Accounting***

The CITEM's financial statements are prepared on an accrual basis in accordance with the IPSASs.

### **3.2 *Financial Instruments***

#### **a. Financial assets**

##### **i. Initial recognition and measurement**

Financial assets within the scope of IPSAS 29 *Financial Instruments: Recognition and Measurement* are classified as financial assets at fair value through surplus or deficit, held-to-maturity investments, loans and receivables or available-for-sale financial assets, as appropriate. CITEM determines the classification of its financial assets at initial recognition.

CITEM's financial assets include cash and cash equivalents and receivables.

##### **ii. Subsequent measurement**

The subsequent measurement of financial assets depends on their classification.

##### **1. Financial assets at fair value through surplus or deficit**

Financial assets at fair value through surplus or deficit include financial assets held for trading and financial assets designated upon initial recognition at fair value through surplus or deficit. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term.

## 2. Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest method, less impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. Losses arising from impairment are recognized in the surplus or deficit.

### iii. Derecognition

CITEM derecognizes a financial asset or where applicable, a part of a financial asset or part of similar financial assets when:

1. the contractual rights to the cash flows from the financial asset expired or waived; and
2. CITEM has transferred its contractual rights to receive the cash flows of the financial assets, or retains the contractual rights to receive the cash flows of the financial assets but assumes a contractual obligation to pay the cash flows to one or more recipients in an arrangement that meets the conditions set forth in IPSAS 29 *Financial Instruments: Recognition and Measurement*; and either the entity has:
  - transferred substantially all the risks and rewards of ownership of the financial asset; or
  - neither transferred nor retained substantially all the risks and rewards of ownership of the financial asset but has transferred the control of the asset.

### iv. Impairment of financial assets

CITEM assesses at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an incurred "loss event") and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

Evidence of impairment may include the following indicators:

1. The debtors or a group of debtors are experiencing significant financial difficulty
2. Default or delinquency in interest or principal payments
3. The probability that debtors will enter bankruptcy or other financial reorganization

4. Observable data indicates a measurable decrease in estimated future cash flows (e.g. changes in arrears or economic conditions that correlate with defaults)

**v. Financial assets carried at amortized cost**

For financial assets carried at amortized cost, CITEM first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If CITEM determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognized are not included in a collective assessment of impairment.

If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future expected credit losses that have not yet been incurred). The present value of the estimated future cash flows is discounted at the financial asset's original effective interest rate. If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate.

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognized in surplus or deficit. Receivables together with the associated allowance are written off when there is no realistic prospect of future recovery and all collaterals have been realized or transferred to CITEM. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognized, the previously recognized impairment loss is increased or reduced by adjusting the allowance account. The request for write-off of accounts is based on the guidelines prescribed in COA Circular No. 2016-005 dated December 19, 2016. If a future write-off is later recovered, the recovery is credited in surplus and deficit.

CITEM uses the following percentage to estimate the allowance for doubtful accounts of the receivables:

| Period outstanding | Percentage |
|--------------------|------------|
| More than 5 years  | 100%       |
| 4 to 5 years       | 75%        |
| 3 to 4 years       | 50%        |

**b. Financial liabilities**

**i. Initial recognition and measurement**

Financial liabilities within the scope of IPSAS 29 are classified as financial liabilities at fair value through surplus or deficit, or loans and borrowings, as appropriate. The entity determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings, plus directly attributable transaction costs.

CITEM determines the classification of its financial liabilities at initial recognition. All financial liabilities are recognized initially at fair value. CITEM's financial liabilities include accounts payables, due to officers and employees, inter-agency payables and trust liabilities.

## **ii. Subsequent measurement**

The measurement of financial liabilities depends on their classification.

### **1. Financial liabilities at fair value through surplus or deficit.**

Financial liabilities at fair value through surplus or deficit include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through surplus or deficit.

Financial liabilities are classified as held for trading if they are acquired for the purpose of selling in the near term.

This category includes derivative financial instruments that are not designated as hedging instruments in hedge relationships as defined by IPSAS 29.

## **iii. Derecognition**

A financial liability is derecognized when the obligation under the liability expires or is discharged or cancelled.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in surplus or deficit.

## **c. Offsetting of financial instruments**

Financial assets and financial liabilities are offset, and the net amount reported in the Statement of Financial Position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

## **d. Fair value of financial instruments**

The fair value of financial instruments that are traded in active markets at each reporting date is determined by reference to quoted market prices or dealer price quotations (bid price for long positions and ask price for short positions), without any deduction for transaction costs.

### **3.3 Cash and Cash Equivalents**

Cash and cash equivalents comprise cash on hand and cash in bank, deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits as defined above, including the bank guarantee for the corporate credit card.

### **3.4 Inventories**

Inventory is measured at cost upon initial recognition. To the extent that inventory is received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution.

Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of CITEM.

### **3.5 Investment Property**

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property.

Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over their estimated useful life of [number] years.

Investment properties are derecognized either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit or service potential is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of derecognition.

Transfers are made to or from investment property only when there is a change in use.

The Center uses the following criteria to distinguish investment property from owner-occupied property and from property held for sale in the ordinary course of operations (inventory):

A property (land or a building – or part of a building – or both) shall be recorded and classified as Investment Property if it is held to earn rentals or for capital appreciation, or both rather than for:

- (a) Use in the production or supply of goods or services, or for administrative purposes; or
- (b) Sale in the ordinary course of operations.

### **3.6 Property, Plant and Equipment**

#### **a. Recognition**

An item is recognized as PPE if it meets the characteristics and recognition criteria as a PPE.

The characteristics of PPE are as follows:

- i. tangible items;
- ii. are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes; and
- iii. are expected to be used during more than one reporting period.

An item of PPE is recognized as an asset if:

- i. it is probable that future economic benefits or service potential associated with the item will flow to the entity;
- ii. the cost or fair value of the item can be measured reliably; and
- iii. the cost is at least P50,000.

#### **b. Measurement at recognition**

An item recognized as PPE is measured at cost.

A PPE acquired through non-exchange transaction is measured at its fair value as at the date of acquisition.

The cost of the PPE is the cash price equivalent or, for PPE acquired through non-exchange transaction, its cost is its fair value as at recognition date.

Cost includes the following:

- i. Its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates;
- ii. Expenditure that is directly attributable to the acquisition of the items; and
- iii. Initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired, or as a consequence of having

used the item during a particular period for purposes other than to produce inventories during that period.

**c. Measurement after recognition**

After recognition, all PPE are stated at cost less accumulated depreciation and impairment losses.

When significant parts of PPE are required to be replaced at intervals, CITEM recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major repair/replacement is done, its cost is recognized in the carrying amount of the PPE as a replacement if the recognition criteria are satisfied.

All other repair and maintenance costs are recognized as expense in surplus or deficit as incurred.

**d. Depreciation**

Each part of an item of PPE with a cost that is significant in relation to the total cost of the item is depreciated separately.

The depreciation charge for each period is recognized as expense unless it is included in the cost of another asset.

**i. Initial recognition of depreciation**

Depreciation of an asset begins when it is available for use such as when it is in the location and condition necessary for it to be capable of operating in the manner intended by management.

For simplicity and to avoid proportionate computation, the depreciation is for one month if the PPE is available for use on or before the 15th of the month. However, if the PPE is available for use after the 15th of the month, depreciation is for the succeeding month.

**ii. Depreciation method**

The straight-line method of depreciation is adopted unless another method is more appropriate for CITEM's operation.

**iii. Estimated useful life**

CITEM uses the life span of PPE prescribed by COA in determining the specific estimated useful life for each asset based on its experience, as follows:

|                          |            |
|--------------------------|------------|
| Buildings and structures | - 20 years |
| Motor vehicles           | - 7 years  |
| Furniture and fixtures   | - 5 years  |
| Office equipment         | - 5 years  |

iv. **Residual value**

CITEM uses a residual value equivalent to ten per cent (10%) of the cost of the PPE.

e. **Impairment**

An asset's carrying amount is written down to its recoverable amount, or recoverable service amount, if the asset's carrying amount is greater than its estimated recoverable amount or recoverable service amount.

f. **Derecognition**

CITEM derecognizes items of PPE and/or any significant part of an asset upon disposal or when no future economic benefits or service potential is expected from its continuing use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the surplus or deficit when the asset is derecognized.

3.7 **Leases**

a. **CITEM as a lessee**

i. **Operating Lease**

Operating leases are leases that do not transfer substantially all the risks and rewards incidental to ownership of the leased item to CITEM. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term. Contracts in which CITEM is a lessee includes the lease of venue for its signature events held locally and for international trade shows held abroad.

3.8 ***Changes in Accounting Policies and Estimates***

CITEM recognizes the effects of changes in accounting policy/treatment retrospectively. However, the effects of changes in accounting policy/treatment are applied prospectively, if retrospective application is impractical.

CITEM adopts the new policy of issuing Statement of Accounts rather than Invoices for the Requests to Bill from approved application contracts in the current year but pertaining to shows and projects of the following year and are unpaid at the close of the reporting period. Unearned revenue is recognized if and only when advance payments from exhibitors are received.

Necessary adjustments and corrections were made in the books, hence, no significant impact on the financial statements.

CITEM recognizes the effects of changes in accounting estimates prospectively through surplus or deficit.

CITEM corrects material prior period errors retrospectively in the first set of financial statements authorized for issue after their discovery by:

- a. Restating the comparative amounts for prior period(s) presented in which the error occurred; or

- b. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

### **3.9 Foreign Currency Transactions**

Transactions in foreign currencies are initially recognized by applying the spot exchange rate between the functional currency and the foreign currency at the transaction date.

At each reporting date:

- a. Foreign currency monetary items are translated using the Bangko Sentral ng Pilipinas (BSP) closing rate at year-end;
- b. Nonmonetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction; and;
- c. Nonmonetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Exchange differences arising: (a) on the settlement of monetary items, or (b) on translating monetary items at rates different from those at which they are translated on initial recognition during the period or in previous financial statements, are recognized in surplus or deficit in the period in which they arise, except as those arising on a monetary item that forms part of a reporting entity's net investment in a foreign operation.

### **3.10 Revenue from Exchange Transactions**

#### **a. Measurement of revenue**

Revenue is measured at the fair value of the consideration received or receivable.

#### **b. Rendering of services**

CITEM recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably.

#### **c. Interest income**

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

### **3.11 Budget Information**

The annual budget is prepared on a cash basis and is published in the government website.

A separate Statement of Comparison of Budget and Actual Amounts (SCBAA) is prepared since the budget and the financial statements are not prepared on

comparable basis. The SCBAA is presented showing the original and final budget and the actual amounts on comparable basis to the budget. Explanatory comments are provided in Note 31.

### **3.12 Related Parties**

CITEM regards a related party as a person or entity with the ability to exert control individually or jointly, or to exercise significant influence over the CITEM, or vice versa.

Members of key management are regarded as related parties and comprise of the Chairman and Members of the Governing Board, and the Principal Officers.

### **3.13 Employee Benefits**

The employees of CITEM are members of the Government Service Insurance System (GSIS), which provides life and retirement insurance coverage.

CITEM recognizes the undiscounted amount of short-term employee benefits, like salaries, wages, bonuses, allowances, etc., as expenses unless capitalized, and as a liability after deducting the amount paid.

### **3.14 Measurement Uncertainty**

The preparation of financial statements in conformity with IPSASs requires management to make estimates and assumptions that affect the reporting amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of the revenue and expenses during the period. Items requiring the use of significant estimates include the useful life of a capital asset, estimated employee benefits, impairment of assets, etc.

Estimates are based on the best information available at the time of preparation of the financial statements and are reviewed annually to reflect new information as it becomes available. Measurement uncertainty exists in these financial statements. Actual results could differ from these estimates.

On May 20, 2015, a complaint was filed against CITEM by a logistics company with docket number Civil Case No. 15-170. On September 6, 2022, despite the CITEM's countersuit in the amount being claimed by the plaintiff and the proper venue where the case was laid, the Branch 257 of the Regional Trial Court of Parañaque City has ruled in plaintiff's favor. The CITEM filed for a Motion for Reconsideration last October 7, 2022, pointing out that the Commission on Audit has jurisdiction over money claims against government agencies and instrumentalities. This is an on-going case, with a pending appeal from the CITEM lodged at the Court of Appeals; neither the probability nor the accurate estimate of liability, should there be any, could not be determined at the time these financial statements were prepared.

## **4. CHANGES IN ACCOUNTING POLICY**

In accordance with COA Circular No. 2022-007 dated May 31, 2022, the P50,000 capitalization threshold for PPE was applied. Tangible items below the capitalization threshold of P50,000, which were issued to end-users in prior years, for a total of P411,004(net) were reclassified and booked as adjustment in the accumulated

surplus/(deficit). The affected PPE accounts are Office and IT Equipment and Building Other Structures

## 5. PRIOR PERIOD ERRORS

Prior period errors include recognition of income from prior years, over/under setup of payables due to variance in actual payment of expenses and other correction of errors in the financial statements that were reported for a prior period.

## 6. RISK MANAGEMENT OBJECTIVES AND POLICIES

The CITEM is exposed to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Interest/Market risks
- Operational risk

This note presents information about the CITEM's exposure to each of the above risks, the CITEM objectives, policies, and processes for measuring and managing risk, and the Corporation's management of capital.

### 6.1 Risk Management Framework

The Management Committee of the CITEM has overall responsibility for the establishment and oversight of CITEM's risk management framework.

The management committees have executive and non-executive members and report regularly to the Executive Director of the CITEM on their activities.

The CITEM's risk management policies are established to identify and analyze the risks faced by the CITEM, to set appropriate risk limits and control, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes to market conditions, products and services offered. The CITEM, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment, in which all employees understand their roles and obligations.

The CITEM's inventory committee is responsible for ensuring the Center's assets are properly safeguarded. CITEM has also an audit committee responsible for compliance with established policies, laws, and regulations especially with regard to compliance with the requirements of ISO Certification, and to recommend improvements relating to efficiency, economy, and effectiveness in the use of the CITEM's assets or resources.

Generally, the maximum risk exposure of financial assets and financial liabilities is the carrying amount of the financial assets and financial liabilities as shown in the Statements of Financial Position, as summarized below:

|                           | Note | 2023        | 2022        |
|---------------------------|------|-------------|-------------|
| <b>Financial assets</b>   |      |             |             |
| Cash and cash equivalents | 7    | 193,946,782 | 285,752,042 |
| Receivables - net         | 8    | 33,771,190  | 34,896,011  |

|                              |    |                    |                    |
|------------------------------|----|--------------------|--------------------|
| Investments in Time Deposits | 9  | 61,589,991         | 0                  |
|                              |    | <b>289,307,963</b> | <b>320,648,053</b> |
| <b>Financial liabilities</b> |    |                    |                    |
| Financial liabilities        | 13 | 55,871,974         | 65,211,986         |
| Inter-agency payables        | 14 | 7,095,419          | 4,968,837          |
| Trust liabilities            | 15 | 9,227,860          | 14,880,395         |
|                              |    | <b>72,195,253</b>  | <b>85,061,218</b>  |

## 6.2 Credit Risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the CITEM. The CITEM has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The CITEM defines counterparties as having similar characteristics if they are related entities.

On-going credit evaluation is performed on the financial condition of loans and other receivable.

Also, the CITEM manages its credit risk by depositing its cash with authorized government depository banks, e.g., Land Bank of the Philippines (LBP) and Development Bank of the Philippines (DBP).

The carrying amount of financial assets recognized in the financial statements represents the CITEM's maximum exposure to credit risk.

### a. Credit risk exposure

The table below shows the gross maximum exposure to credit risk of the CITEM as of the years ended December 31, 2023, and 2022, without considering the effects of credit risk mitigation techniques.

|                           | Note | 2023               | 2022               |
|---------------------------|------|--------------------|--------------------|
| <b>Financial assets</b>   |      |                    |                    |
| Cash and cash equivalents | 7    | 193,946,782        | 285,752,042        |
| Receivables               | 8    | 41,464,726         | 41,508,679         |
|                           |      | <b>224,608,208</b> | <b>327,260,721</b> |

\* Receivables at gross of allowance for impairment amounting to P6,612,668 and P7,693,536 for the years ended December 31, 2022 and 2023, respectively.

### b. Management of credit risk

For the management of credit risk, it is CITEM's policy that as soon as the client or exhibitor executes with the Center an application contract, the Controllorship Division will issue a billing statement, indicating the amount due for payment by the said exhibitor, and as to their outstanding balance from previous shows or exhibits, a Statement of Account (SOA) is issued.

Receivables from employees consist of salary deductions and are collected through payroll deductions. Status of outstanding receivables is summarized in a schedule and is submitted together with the financial reports to the COA.

**c. Aging analysis**

An aging analysis of the CITEM's receivables as of the years ended December 31, 2023 and 2022 are as follows:

|                            | 2023              | 2022              |
|----------------------------|-------------------|-------------------|
| Outstanding receivables: * |                   |                   |
| Current accounts           | 33,771,190        | 34,896,011        |
| Past due accounts:         |                   |                   |
| over 5years                | 7,693,536         | 6,612,668         |
|                            | <b>41,464,726</b> | <b>41,508,679</b> |

*\* Receivables at gross of allowance for impairment amounting to P6,612,668 and P7,693,536 for the years ended December 31, 2022 and 2023, respectively.*

**d. Impairment assessment**

The Center recognizes impairment losses based on the results of the specific/individual and collective assessment of its credit exposures. Impairment has taken place when there is a presence of known difficulties in the servicing of cash flows by counterparties, infringement of the original terms of the contract has happened, or when there is an inability to pay principal or interest overdue beyond a certain threshold. These and the other factors constitute observable events and/or data that meet the definition of an objective evidence of impairment.

The two methodologies that may be applied in assessing and measuring impairment include: (1) specific/individual assessment; and (2) collective assessment. Under specific/individual assessment, what is being assessed is the individual significant credit exposure for any objective evidence of impairment, and where such evidence exists, accordingly calculates the required impairment.

Among the items and factors that may be considered when assessing and measuring specific impairment allowances are: (a) the timing of the expected cash flows; (b) the projected receipts or expected cash flows; (c) the going concern of the counterparty's business; (d) the ability of the counterparty to repay its obligations during financial crises; (e) the availability of other sources of financial support; and (f) the existing realizable value of collateral. The impairment allowances, if any, are evaluated as the need arises, in view of favourable or unfavourable developments.

With regard to the collective assessment of impairment, allowances are assessed collectively for losses on receivables that are not individually significant and for individually significant receivables when there is no apparent or objective evidence of individual impairment.

The collective assessment evaluates and estimates the impairment of the portfolio in its entirety even though there is no objective evidence of impairment on an individual assessment.

Impairment losses are estimated by taking into consideration the following deterministic information: (a) historical losses/write offs; (b) losses which are likely to occur but has not yet occurred; and (c) the expected receipts and recoveries once impaired.

Upon assessment, it is determined that there is no impairment loss that needs to be recognized for CITEM's cash-generating assets for CY 2023.

### 6.3 *Liquidity Risk*

Liquidity risk is the risk that the CITEM might encounter difficulty in meeting obligations from its financial liabilities.

#### a. Management of liquidity risk

The CITEM's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the CITEM's reputation.

The CITEM maintains a portfolio of short-term liquid assets, largely made up of cash in banks that are sufficient to maintain the liquidity within the CITEM as a whole.

#### b. Exposure to liquidity risk

The liquidity risk is the adverse situation when the CITEM encounters difficulty in meeting unconditionally the settlement of its obligations at maturity. Prudent liquidity management requires that liquidity risks are identified, measured, monitored and controlled in a comprehensive and timely manner. Liquidity management is a major component of the corporate-wide risk management system. Liquidity planning takes into consideration various possible changes in economic, market, political, regulatory and other external factors that may affect the liquidity position of CITEM.

The liquidity management policy of the CITEM is conservative in maintaining optimal liquid cash funds to ensure capability to adequately finance its mandated activities and other operational requirements at all times. The CITEM's funding requirements are generally met through any or a combination of financial modes allowed by law that would give the most advantageous results.

The table below summarizes the maturity profile of the CITEM's financial liabilities as at December 31, 2023.

| As at December 31, 2023 | Within 1 Year     | 1 – 5 Years       | Over 5 Years     | Total             |
|-------------------------|-------------------|-------------------|------------------|-------------------|
| Financial liabilities   | 29,316,092        | 26,555,882        | -                | 55,871,974        |
| Inter-agency payables   | 6,949,265         | -                 | 146,154          | 7,095,419         |
| Trust liabilities       | 6,544,811         | 1,572,729         | 1,144,520        | 9,262,060         |
|                         | <b>42,810,168</b> | <b>28,128,611</b> | <b>1,290,674</b> | <b>72,229,453</b> |

### 6.4 *Market Risks*

Market risk is the risk that changes in the market prices, such as interest rate, equity prices, foreign exchange rates and credit spreads (not relating to changes in the obligor's issuer's credit standing) will affect the CITEM's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return on risk.

#### Management of market risk

The management of interest rate risk against interest gap limits is supplemented by monitoring the sensitivity of the CITEM's financial assets and liabilities to various standard and non-standard interest rate scenarios.

## 6.5 Operational Risks

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the CITEM's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behavior. Operational risks arise from all of the CITEM's operations and are faced by all business entities.

The CITEM's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the CITEM's reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity.

The primary responsibility for the development and implementation of control to address operational risk is assigned to Senior Management within each business unit. This responsibility is supported by the development of overall standards for the management of operational risk in the following areas:

- Requirement for appropriate segregation of duties, including the independent authorization of transaction
- Requirement for the reconciliation and monitoring of transactions
- Compliance with regulatory and other legal requirements
- Documentation of controls and procedures
- Requirements for the periodic assessment of operational risk faced, and the adequacy of control and procedures to address the risk identified
- Requirements for the reporting of operational losses and proposed remedial action
- Development of contingency plans
- Training and professional development
- Ethical and business standards
- Risk mitigation, including insurance where this is effective

CITEM has instituted the following measures to mitigate identified operational risks:

1. **Performance Review:** Periodic performance review of operations and activities to determine actual accomplishment vis-à-vis targets/objectives. Management requires all operating units to submit weekly accomplishment reports and top three priorities for the coming week to ensure that projects are monitored according to the expectations of stakeholders.
2. **Compliance Review:** Periodic review of internal business processes to ensure compliance with current regulations, policies and procedures and other requirements. Expenses are monitored accordingly. This is done during Regular Management Committee meetings with the different functional groups.
3. **Perception and Value Assessment:** Stakeholders/Satisfaction Survey for each of the project is undertaken by a third party to check if the performance standards set by the Agency for its stakeholders are met. This feedback mechanism strengthens stakeholder's participation in the Agency's service-related processes and ensures transparency and public accountability. It likewise identifies areas that need improvement.

4. **Financial Management and Control:** Systems are in place for accounting and budget control. Every functional unit in the organization is responsible to manage the budget allocated to them, as authorized in the Corporate Operating Budget. Regular reports on actual vs. planned objectives are provided to adequately monitor and control project and budget impossible.

## 7. CASH AND CASH EQUIVALENTS

This account consists of the following:

|                  | 2023               | 2022               |
|------------------|--------------------|--------------------|
| Cash on hand     | 139,934            | 187,582            |
| Cash in bank     |                    |                    |
| Local currency   | 146,916,859        | 200,680,072        |
| Foreign currency | 45,057,759         | 20,921,925         |
|                  | 191,974,618        | 221,601,997        |
| Cash equivalents |                    |                    |
| Local currency   | 1,832,230          | 1,818,686          |
| Foreign currency | 0                  | 62,143,777         |
|                  | 1,832,230          | 63,962,463         |
|                  | <b>193,946,782</b> | <b>285,752,042</b> |

The Cash in Bank – Local Currency consists of deposits in the following:

- a. Landbank – for receipts of subsidy for critical project-related operating expenses and for collection of funding assistances and revenue from other government agencies
- b. Landbank – for collection of revenue, mostly from private companies and individuals and for the disbursement of corporate funds
- c. Development Bank of the Philippines (DBP) - for collection of revenue (with credit card option) and disbursement of corporate funds

The Cash in Bank – Foreign Currency is a Landbank account for the collection of dollar-denominated billings and revenue.

The Cash Equivalents – Local Currency is a DBP special savings account that generates additional interest for corporate funding.

The Cash Equivalents – Foreign Currency in 2022 is reclassified to Investment in Time Deposits Foreign Currency per COA Circular 2020-002.

## 8. OTHER INVESTMENTS

|                   | 2023              | 2022              |
|-------------------|-------------------|-------------------|
| Other Investments | 61,589,992        | 0                 |
|                   | <b>61,589,992</b> | <b>61,589,992</b> |

This pertains to the Landbank dollar-denominated time deposit with a term of 91 days.

## 9. RECEIVABLES

This account consists of the following:

|                                                           | 2023              |             |                   | 2022              |             |                   |
|-----------------------------------------------------------|-------------------|-------------|-------------------|-------------------|-------------|-------------------|
|                                                           | Current           | Non-current | Total             | Current           | Non-current | Total             |

Prepaid Rent represents reservations for space/venue rental and advance payments to the booth contractors for various international trade fairs in 2024.

Prepaid Insurance represents the motor vehicles insurance covering the periods in 2024. Other Prepayments include the Directors and Officers Liability Insurance (DOLI).

Creditable Input VAT in the amount of P27.029 million is the excess of Input VAT over Output VAT of which P6.968 million can be credited until TY 2024, P11.394 million until TY 2025 while P8.667 million can be credited until TY 2026.

Guaranty Deposits are payments to different companies for relocation of electric meter and additional electric load, telephone sets, cash/guaranty deposits for fuel credit line, building protection bond for venue exhibits and performance security bond for projects.

Included in the Other Assets-(Non-current) are Non-Current Guaranty Deposits, and Other Deposits-Restricted Fund.

Restricted Fund represents the Building Fund allocated by the Governing Board for the construction and/or purchase of CITEM's office building in the future and is temporarily invested in High-Yield Savings Account.

#### 14. FINANCIAL LIABILITIES

This is composed of the following:

|                             | 2023              |             |                   | 2022              |             |                   |
|-----------------------------|-------------------|-------------|-------------------|-------------------|-------------|-------------------|
|                             | Current           | Non-Current | Total             | Current           | Non-Current | Total             |

Service Income includes both physical and digital trade fair participation fees collected from exhibitors joining various trade fairs and signature events. It also includes other services performed by CITEM to various stakeholders such as creative and design service fee, content creation, advertising and promotion, sponsorships, management fee, among others.

Other Business Income represents interest earned from CITEM deposit accounts and other operating income that are miscellaneous in nature.

## 21. PERSONNEL SERVICES

This account is composed of the following:

|                                 | 2023              | 2022              |
|---------------------------------|-------------------|-------------------|

### 21.3 Employees Future Benefits

The permanent employees of the CITEM contribute to the GSIS in accordance with RA No. 8291. The GSIS administers the plan, including payment of pension benefits to employees to whom the act applies. Social insurance (life and retirement) benefits are mandatory defined contribution plans fixed at nine percent of the basic salaries of regular government employees. Total contributions to GSIS amounted to P11.412 million broken down as follows: employees' share – P4.880 million and government share – P6.532 million.

## 25. GAINS/LOSSES/OTHER NON-OPERATING INCOME

This comprises net of the following accounts:

### 25.1. Miscellaneous Income

|                      | 2023       | 2022          |
|----------------------|------------|---------------|
| Miscellaneous Income | 362        | 36,511        |
|                      | <b>362</b> | <b>36,511</b> |

### 25.2. Gains

|                                  | 2023          | 2022             |
|----------------------------------|---------------|------------------|
| Gain on foreign exchange (FOREX) | 986           | 7,104,449        |
| Gain on Sale of Assets           | 27,144        | 0                |
|                                  | <b>28,130</b> | <b>7,104,449</b> |

### 25.3. Losses

|                                  | 2023               | 2022            |
|----------------------------------|--------------------|-----------------|
| Loss on foreign exchange (FOREX) | (1,085,535)        | (29,750)        |
|                                  | <b>(1,085,535)</b> | <b>(29,750)</b> |

## 26. SUBSIDY FROM NATIONAL GOVERNMENT

|                                  | 2023               | 2022               |
|----------------------------------|--------------------|--------------------|
| Subsidy from National Government | 164,657,000        | 152,612,000        |
|                                  | <b>164,657,000</b> | <b>152,612,000</b> |

For CY 2024, the Program Subsidy received by CITEM from the Department of Budget and Management (DBM) to support the implementation of its export promotion programs was P195.557 million.

## 27. RELATED PARTY TRANSACTIONS

There were no related party transactions during the year.

### 27.1 Key Management Personnel

The key management personnel of CITEM are the Chairman, the Members of the Governing Board, and the Principal Officers. The Governing Body consists of members appointed by the President of the Philippines. The Principal Officers consist of the Executive Director, the Deputy Executive Directors and the Department

Managers.

## 27.2 Key Management Personnel Compensation

The members of the governing board, being in ex-officio capacity, do not receive any compensation from the Center.

However, the aggregate remuneration of the Principal Officers of the Center determined on a fulltime equivalent basis receiving remuneration within this category, are:

|                                 | Total Remuneration |
|---------------------------------|--------------------|
| Salaries and wages              | 9,857,022          |
| Other compensation and benefits | 2,250,937          |
| Personnel benefit contributions | 848,296            |
|                                 | <b>11,305,226</b>  |

## 28. GOVERNMENT EQUITY

This consists of capital contribution in the form of either cash or property from the following government agencies:

|                                              | 2023              | 2022              |
|----------------------------------------------|-------------------|-------------------|
| National Food Authority                      | 14,745,735        | 14,745,735        |
| National Government-Bureau of the Treasury   | 10,396,662        | 10,396,662        |
| Central Bank of the Philippines              | 10,000,000        | 10,000,000        |
| Donation from China                          | 2,454,411         | 2,454,411         |
| Government Service Insurance System          | 2,000,000         | 2,000,000         |
| Landbank of the Philippines                  | 1,000,000         | 1,000,000         |
| Philippine International Trading Corporation | 625,000           | 625,000           |
|                                              | <b>41,221,808</b> | <b>41,221,808</b> |

The equity balances in the books of CITEM as against the confirmed account balances of the contributors are as follows:

| Government Agency (Contributor)               | Per Books         | Per Confirmation  | Variance         |
|-----------------------------------------------|-------------------|-------------------|------------------|
| National Government- Bureau of Treasury (BTr) | 10,396,662        | 12,653,662        | (2,257,000)      |
| Bangko Sentral ng Pilipinas (BSP)             | 10,000,000        | -                 | 10,000,000       |
| Land Bank of the Phils. (LBP)                 | 1,00,0000         | 2,000,000         | (1,000,000)      |
| <b>TOTAL</b>                                  | <b>21,396,662</b> | <b>14,653,662</b> | <b>6,743,000</b> |

The variances shown above remain unresolved because of insufficient documentation. These variances cannot be reconciled, and the discrepancy noted cannot be recorded in the books as equity because proof of remittances or fund receipts by CITEM from the BTr, BSP and LBP cannot be established.

## 29. REVALUATION SURPLUS

The Revaluation Surplus in the amount of P5,054,354 represents the increase in book value of CITEM building upon appraisal in the year 1996.

## 30. ACCUMULATED SURPLUS

|                                                              |             |                    |
|--------------------------------------------------------------|-------------|--------------------|
| <b>Accumulated surplus, January 01, 2022</b>                 |             | <b>529,856,584</b> |

## 31. BUDGET INFORMATION IN FINANCIAL STATEMENTS

The original budget reflected in the SCBAA for December 31, 2023, is the proposed Corporate Operating Budget (COB) for the year 2023 and was submitted to the Department of Budget and Management (DBM) for review/evaluation while the final budget is the amount as approved by DBM on 26 April 2023. The proposed/original COB is prepared considering: (a) the agency's various programs, projects, and activities in the pursuance of its mandate; (b) the projected revenues and other

sources of income to finance and support these programs; (c) actual expenses for previous years; and (d) effects of inflation.

Changes between the proposed and approved budget are due to the following:

- The recommended Personal Services (PS) level considered the adoption by CITEM of the Compensation and Position Classification System (CPCS) authority per Governance Commission for Government-Owned or Controlled Corporations (GCG) approval dated January 26, 2022. The said CPCS approval expressly authorizes the CITEM to Implement Category 1 Salary Structure based on authorized CPCS Job Grade equivalent positions, pursuant to Executive Order No. 150 dated October 1, 2021, its implementing rules, and regulations, and corresponding CPCS circulars for each PS item.
- The approved Maintenance & Other Operating Expenses (MOOE) level is computed by the DBM considering the Center's absorptive capacity for the three (3) years immediately preceding years, in which the highest budget utilization rate (BUR) is applied to MOOE items, except those covered by NG subsidy, which is recommended as proposed. The variance of P1,000,000 pertains to the effect of the preceding year's BUR.
- The recommended Capital Outlay (CO) level considers the implementation-readiness of the projects and the activities under the respective CO items which are expected to be completed within the year as certified by the Center. The variance pertains to the overprovision for the purchase of motor vehicle.

The approved transportation equipment in the amount of P 1,500,000.00 is consistent with the following guidelines:

1. Per Budget Circular (BC) No. 2022-1 dated February 11, 2022, the proposed acquisition of motor vehicle is duly approved by the DBM through the Authority to Purchase Motor Vehicles (APMV) No. C-23-31.
  2. Procurement entities may undertake their own procurement of motor vehicles pursuant to Government Procurement Policy Board (GPPB) Resolution No. 20-2019 which delisted the motor vehicles from the list of Common-Use Supplies and Equipment to be procured thru the Procurement Service.
- Notwithstanding the abovementioned variance in MOOE and CO, CITEM still has the flexibility to modify its utilization within the DBM-approved budget level.

Material differences between the actual expenses as against the budget pertains to the following:

- Requested Personal Services (PS) budget for CITEM Employees is based on 100 plantilla positions. As of December 31, 2023, only 84 positions are filled.

**32. SUPPLEMENTARY INFORMATION REQUIRED BY BIR UNDER REVENUE REGULATION NO. 15-2010**

CITEM is compliant to the requirements under BIR Revenue Regulation (RR) No. 15-2010 dated November 25, 2010, pertinent to taxes, duties and license fees paid or accrued during the taxable year thru submission of documentary requirements based on the prescribed process.

|                                                                 | <b>Amount</b>    |
|-----------------------------------------------------------------|------------------|
| Due to BIR – Withholding tax on compensation                    | 1,216,568        |
| Due to BIR – Withholding tax on compensation-Resigned Employees | 33,253           |
| Due to BIR – Expanded withholding tax                           | 219,824          |
| Due to BIR – Branch Registration Fees                           | 39,536           |
| Due to BIR – VAT withheld                                       | 498,144          |
| Due to BIR – VAT withheld CITEM                                 | 7,350            |
| Due to BIR – Contractors Tax                                    | 60,636           |
| Due to BIR – Gross Money Payments                               | 40,482           |
|                                                                 | <b>2,115,793</b> |

In compliance with the requirements set forth by RR 15-2010, hereunder are the information on taxes, duties and license fees paid during the taxable year.

- a. CITEM is a VAT registered company with VAT output tax declaration of P6.530 million for the year 2023.
- b. The amount of VAT input and output taxes claimed are broken down as follows:

|                                              | <b>Amount</b>     |
|----------------------------------------------|-------------------|
| Balance, beginning of the year               | 25,893,147        |
| Tax on goods for resale/purchases - current  | 6,813,802         |
| Tax on goods for resale/purchases - payables | 1,853,179         |
| <b>Sub-total</b>                             | <b>34,560,128</b> |
| Less: Output tax                             | 6,529,644         |
| Less: Adjustments                            | 1,001,712         |
| <b>Balance, end of the year</b>              | <b>27,028,772</b> |

- c. The amount of withholding taxes paid/accrued for the year amounted to:

|                                  | <b>Amount</b>     |
|----------------------------------|-------------------|
| Tax on compensation and benefits | 8,629,708         |
| Creditable withholding taxes     | 8,765,649         |
| <b>Total</b>                     | <b>17,395,357</b> |

### 33. COMPLIANCE WITH GSIS LAW

CITEM complied with Section 14.1 of RA No. 8291 which provides that each government agency shall remit directly to the GSIS the employees' and government agency's contributions within the first 10 days of the calendar month following the month to which the contributions apply. Below is the summary of remittances of employees' premium contributions and employer's share for CY 2023:

|                                               | Premiums          | Remitted          |
|-----------------------------------------------|-------------------|-------------------|
| Life and retirement premiums, employees share | 4,904,959         | 4,879,202         |
| Government share                              | 7,045,352         | 6,531,879         |
| <b>Total</b>                                  | <b>11,950,311</b> | <b>11,411,081</b> |
